Stevens Community Humane Society

OUR CATS

Our building is currently home to 5 beautiful, friendly cats that are looking for their forever homes to start their summer off right!

We also have Raven (pictured below) who is in foster care but still looking for a loving home!

With our new newsletter, we will be featuring two cats each month and this month we are shining some light on two of our older babies, Maui and Ellie! (Read further to learn more!!)

2020 AT A GLANCE

This has been a crazy start to 2020! January-March were filled with many of our cats and dogs finding new fur-ever homes, and while we were not open to the public for April, 4 of our cats were happily adopted and another was placed into a new foster home! We hope May brings more adoptions, opening back up, and helping people find new fluffy friends to spend the summer with!

ELLIE

Ellie is our shy love bug here at SCHS. She is about 2 years old, she doesn't care much for playing, but she is always in the mood for some good pets. She is looking for a new forever home and a new family that will keep her food dish full and laps ready to be slept on.

"It's not that I dislike other animals, I can get along with everyone...it's just I get easily frightened and I take time getting used to new things."

- A word from Ellie

MAUI

Maui is one of our long-term residents. He has been with us for almost 3 years and is ready to start a new chapter in his life. While he doesn't love an over amount of attention, he does love some good cuddles every now and then. He's looking for a new home, a new family, and possibly another cat sibling to make the transition into a new environment a little easier for him. Fill out an application or call to set up an appointment if he might be the guy you're looking for!

Do you want to meet the rest of the SCHS furry family?! Do you have questions about the adoption process? Do you have any other questions about the ins and outs of SCHS? Send us a message through any of our social media platforms, give us a call, or send us an email and we will contact you as soon as possible!!

FUND RAISING AND RAISING CATS!

While our main goal is bringing families and animals together, we also try to provide the community with events that showcase all of our animals. Our February Valentine's Day event was a huge success and we want to keep the success going! We are currently planning some virtual and/or low contact events (or possibly some SCHS fundraisers) that will welcome spring in with open arms at a safe distance! Currently, we have a Facebook Fundraiser open until the end of the month. Stay tuned and check our social media accounts for more updates and more events!

WHAT DO YOU WANT TO READ ABOUT?!

We want to hear what you are most interested in reading about!

Along with this newsletter, we are sending a form for you to share what we can include in our next month's edition!

Whether it is more about the cats, more about events, how you can become apart of the SCHS family, or anything else that you can think of, we want your opinions to be heard.

Do you or someone you know want to help out at SCHS?! We are a large family that is constantly changing and growing and would love your help! If you are interested in volunteering with us, there is a link to our volunteer application on our website!
